Pride of Papakura - Zero Tolerance

From an early age, I was brought up and educated in Papakura. I have been involved with the established family business in the area for the past 21 years. My husband and I have 2 children who both attend kindergarten and primary schools in the district. I want to see Papakura offer a quality of life to our residents from the young to the elderly. I take great pride to see Papakura become a safer and friendlier community with zero tolerance, with the council and community working with one another to achieve this. Having come from a strong religious background, I have firm family values which would be an attribute to the community. I feel this district needs a competent focused leadership, supported by an encouraging team of people who are passionate and supportive towards community issues and needs. A better unity and communication in council would achieve these goals.
