Future for Papakura

'It is for our children's children that I stand. Resident in Papakura for 30 years, I am standing because I am committed to a positive future for Papakura, for our children and their children.'

Raised my son, daughter and grand-daughter here. My involvement over the past 25 years has been as a committed community worker that includes being: Community Development Practitioner; past chair Papakura Maori Wardens; manager school netball; facilitator/organiser youth activities; facilitator and establishing funding/information workshops.

Worked in Papakura for 25 years, now working in Manukau. Three generations living in Papakura. I am a sister, aunty, wife, mother, grandmother and friend. Married Murray Kendall 31 years ago, who is an ex-soldier.

The little steps we take today will be the rewards our children's children will enjoy.
