Future for Papakura

It is for future generations that we stand. I have lived in Papakura for almost 50 years, our six children have been raised in Papakura. I have been involved in community affairs for many years as, a Minister, a Justice of the Peace and marriage celebrant. I am currently the CEO at Papakura Marae and have a long term commitment to the Papakura District. I am Chair of the Te Kupenga O Hoturo PHO. I work closely with this community, local government and central government agencies. The little steps we take to secure a safe and positive community today will be the rewards our children's children will enjoy.
