

PAPAKURA DISTRICT COUNCIL ELECTION OF TWO (2) COUNCILLORS FOR THE ARDMORE WARD

Caroline CONROY

Independent

A councillor since 2001, I also work as a midwife at Papakura Maternity Unit. I'm proud to represent this community and work hard for you. Achievements include the introduction of the food grading system, supporting the community to retain Takanini rail station in its current location, supporting the establishment of the graffiti trust, funding for the removal of gobbi blocks in Takanini, improved streetlighting and traffic

calming measures in some residential streets.

The Ardmore/Takanini area is experiencing rapid growth. It is important that any growth reflects the vision and aspirations of this community. Papakura is not just another part of Auckland, it has its own style and character which needs to be retained. I have supported initiatives that not only make Papakura a great place for us to live but also ensure we create a great place for our children.

I have the experience, enthusiasm and commitment to get results.
