

# PAPAKURA DISTRICT COUNCIL ELECTION OF TWO (2) COUNCILLORS FOR THE RED HILL WARD

---

## **Willie BROWN**

*Future Generations*

I have been a local resident in Papakura being raised by my parents and raised a family of my own. I have been loyal to the Papakura Rugby Club played over 200 games for the top side. I have worked for a long time Papakura family business as an employee for 10 years and self employed for 24 years. I am standing because I feel that we as Papakura have a unique place that involves past, present and future. Also the rural has an environment that in places is sustainable for life. If we can protect these treasures for future generations then we have obeyed the law of life cycles. My policy will acknowledge the childrens' treasures which are our public assets and protect assets for their children and surround them with a environment - also push for education, sports and culture as a need for our well being.
