

PROPOSAL TO IMPLEMENT RESTRICTIONS ON VEHICLES UNDER 3500KG WITHIN SPECIFIED AREAS OF THE DISTRICT

Papakura District Council is seeking public feedback on a proposal to implement a restriction on vehicles under 3500kg from entering specified areas of the District between the hours of 10pm and 5am daily unless the driver is able to show there is a legitimate purpose to them being in that location.

The impetus for this proposal is to address illegal and antisocial behaviour associated with people congregating in vehicles generally within industrial areas outside of normal business hours.

The proposed areas for restrictions are:

- Takanini Business Area – being Spartan Road, part of Oakleigh Ave, Westbrook Ave, Rawson Way, Rangi Road, Heb Place, Marphona Crescent and part of Takanini School Road.
- Drury Industrial Area – being part of Norrie Road, Firth Street and Creek Street.
- Hunua Industrial Area – being part of Boundary Road, Parker Street, Croskery Road, Markedo Place, Berlane Place, Margaret Williams Drive, part of Dominion Road, and Dent Place.
- Gatland Road
- Unsealed section at the end of Old Wairoa Road

These restrictions are proposed as per clause 12 of the Papakura District Council Parking and Traffic Bylaw 2009.

Further information on this proposal can be obtained from Sir Edmund Hillary Library - Accent Point Building, East St, Papakura; Papakura District Council – 35 Coles Crescent, Papakura; or via our website www.papakura.govt.nz

Submission forms are available from the above locations and can be submitted via our website, or by posting to:

Vehicle Restriction Proposal
