*minimum fee plus extra hours at scheduled hourly rates	
1.4 - Other Information Requests (LGIMA)	
Provision of information charged at hourly rate - first 30 minutes free	85

2. - Building Services

General

Fees

Fixed Fee Projects

The Fixed Fee Option is available for certain categories of projects listed in section 2.1.

Council reserves the right to amend or adjust the fixed fee where the project is more complex than the basis upon which the fee is calculated.

The Fixed Fee covers the following costs payable to Council in relation to the building project:

- Project Information Memorandum (PIM)
- Building Consent
- Site Inspections (to the number listed on the fee schedule)

Additional costs not covered by the fixed fee are:

- Code Compliance Certificate
- BRANZ and DBH levies
- Accreditation Levy
- Specialist reviews and appraisals, see note below (e.g. structural engineering)
- Re-inspections due to: (a) failed inspection/s
(b) inspection/s requested but work not ready for inspection

- Additional costs will be charged to the applicant at the standard rates.
- Disbursements

Other Projects

Projects not covered by the Fixed Fee option will be charged at the rates listed in sections 2.2 and 2.3. Additional fees will be made for specialist reviews of documents, and disbursements.

Specialist Charges

When required Council will refer documentation to specialists for checking code compliance and to provide inspection services. Where this is required, additional fees will be payable. These may include, but not limited to, 'Engineering Structure', 'Engineering Land Stability', 'Fire Planning and Precautions', 'Heating', 'Ventilation and Air Conditioning', 'Electrical Design Check', and 'Mechanical Services'.

Building Research Association (BRANZ) & Department of Building and Housing (DBH) Levy

DBH & BIA levies are based on the value (including GST) of the project. Applicants may be required to substantiate the valuation submitted for a project.

Building Accreditation Levy

An accreditation levy is payable on all building consents to cover Councils costs of meeting the standards and criteria required under the Building (Accreditation of Building Consent Authorities) Regulations 2006.

Inspection Fees

The fees payable on issue of building consent include provision for an estimated number of building inspections for the project. Inspections required in excess of that number caused by the project not being ready when an inspection is requested or the initial inspection failed and a re-inspection is required will be an additional charge at the inspection rate current at the time of issuance of the building Code Compliance Certificate.

FEES AND CHARGES SCHEDULE 2007/08

Bonds and Deposits

Bonds for construction debris, litter and damage on and to public places

Council policy is that it will require from 1 July 2006 the posting of a construction debris, litter and damage on and to public places bond at the time of issuance of a building consent subject to the following requirement.

The Council, prior to issuing a permit, will require the Applicant to fill out the prescribed Papakura District Council application form.

The Applicant must pay a deposit of the amount set out in section 2.3 as security for the making good by the Applicant of any damage that may be caused to the public infrastructure.

As part of any application, the Applicant must provide proof to the Council that he/she has taken out insurance under a public liability policy in respect of damage to public infrastructure.

Where a permit is not obtained and damage is caused, Council will prosecute the offender for breach of the Council's bylaws.

Council requires that any and all damage caused directly or indirectly by any person or legal entity undertaking a building work pursuant to a building consent shall be rectified and/or remedied by that person or legal entity at their own expense to the satisfaction in all respects of the Papakura District Council before a Code Compliance Certificate will be issued for the building works. Council reserves the right to undertake those works on behalf of, and at the expense of, the holder of the building consent if those works are not completed within a reasonable time after Council has issued a notice for the damage to be rectified or remedied.

Council reserves the right to charge for any and all inspections required to ascertain the extent of the damage and to approve the remedial works carried out under this policy.

Vehicle Crossing Bond

Council policy is that it will require from 1 July 2006 the posting of a construction debris, litter and damage on and to public places bond at the time of issuance of a building consent subject to the following requirement.

The Council, prior to issuing a permit, will require the Applicant to fill out the prescribed Papakura District Council application form.

The Applicant must pay a deposit of the amount set out in section 2.3 as security for the making good by the Applicant of any damage that may be caused to the public infrastructure

As part of any application, the Applicant must provide proof to the Council that he/she has taken out insurance under a public liability policy in respect of damage to public infrastructure.

Where a permit is not obtained and damage is caused, Council will prosecute the offender for breach of the Council's bylaws.

Council requires that any person or legal entity undertaking a building work pursuant to a building consent shall, where required, install a vehicle crossing at their own expense of the standard approved by Council from time to time before a Code Compliance Certificate will be issued for the building works. Council reserves the right to undertake those works on behalf of, and at the expense of, the holder of the building consent if those works are not completed within a reasonable time after Council has issued a notice for the crossing to be installed.

All vehicle crossings pursuant to this policy shall be inspected twice by a building inspector: first, prior to the pouring of the concrete used in the crossing and, second, at the completion of the crossing.

It is the responsibility of the holder of the building consent to notify Council of the time and date that the crossing works are ready for inspection.

FEES AND CHARGES SCHEDULE 2007/08

Other activities and Services not mentioned.

Any other activities and services not mentioned in this fees and charges schedule shall be charged at the appropriate hourly rate.

Development Contributions and Development Impact Fees

The Papakura District Council determines as set out in the Development Contribution Policy and the District Plan, from time to time, various levies and charges that will be imposed on defined building works, or applying to specific localities, or applying to defined activities.

The amount of these levies and charges, and their applicability, is available on request.

5 - RESOURCE MANAGEMENT SERVICES

General

Basis of Charging for Services

Unless otherwise specified, applications for Resource Consents, Subdivisions and Requests for Plan Changes will be processed and charged to cover actual and reasonable costs incurred. The charges will include, but not be limited to:

- Actual time taken at the listed hourly charge-out rate.
- Recovery of actual disbursement costs incurred plus an administration fee.
- Recovery of fees charged by professional consultants plus an administration charge where specialist services are required

Deposits & Fees

The deposits listed below are due and payable on lodgement of application. Where noted, the deposit for an application is a minimum sum, Council reserves the right to increase the amount of the deposit based on the complexity of the project and other factors.

Progress payments may be charged from time to time when the costs incurred to date on a particular application exceed the amount of the deposit.

Any difference between the deposit paid and the actual and reasonable costs incurred shall be payable or refundable (as the case may be) once a decision has been made on the application as per the relevant section of the Resource Management Act 1991. The applicant is liable for the full cost of the processing of the application.

Refunds of unexpended portions of deposits received will be made promptly following the decision.

Payment for actual and reasonable costs incurred in excess of the amount of the deposit is required before the decision is formally released, unless prior arrangements have been made.

Any and all costs incurred pursuant to s36(1) in processing a resource consent plus an estimate of the reasonable cost of a hearing, if such is necessary, shall be paid prior to that hearing being scheduled.

Other charges for Certificates, monitoring of Resource Consents conditions and providing information in respect of Plans and Consents and the supply of information shall be at the listed hourly charge-out rate specified or at the rate specified for the particular event.

Where a fixed charge is, in any particular case, inadequate for the recovery of actual and reasonable costs incurred in respect of the matter concerned, the person who is liable to pay the charge may also be required to pay an additional charge.

Bonds

Council does not bond for uncompleted works except when agreed. The cost of establishing, monitoring and discharging the bond will be fully met by the applicant the fees are set out in section 2.3 of this schedule. The value of bond will be set at the time the bond is established and will be at least 150% of the estimated cost of the uncompleted or required works.

Bonds may be in the form of cash or bank guarantee.

FEES AND CHARGES SCHEDULE 2007/08

Other activities and Services not mentioned.

Any other activities & services not mentioned in this fees & charges schedule shall be charged at the appropriate hourly rate.

Financial contributions, Development Contributions & Development Impact Fees

The Papakura District Council determines as set out in the Development Contribution Policy and the District Plan, from time to time, various levies and charges that will be imposed on defined building works, or applying to specific localities, or applying to defined activities.

The amount of these levies and charges, and their applicability, is available on request.
